What is RxHelp for WA?

RxHelp for WA provides information on hundreds of patient assistance programs. Instead of going to each individual company or program to find out if you qualify for free or discounted drugs, RxHelp for WA does the work for you.

What prescriptions are covered?

More than 1,200 different medications are available at greatly reduced prices, or even free. You can search for assistance on up to five different medicines at the same time. It's easy and quick.

RxHelp for WA has the potential to help thousands of people in our state obtain the medicines they need to stay healthy.

Greg Vigdor – President & CEO,
Washington Health Foundation

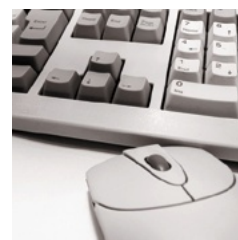

Too many people have to choose between food and medicine. RxHelp for WA is a valuable resource to help people obtain free or reduced-price medications.

Nancy Eitreim, President League of Women Voters of Seattle

Who qualifies for help?

If your medication is not covered by insurance or you have any difficulty affording your medicine, use RxHelp for WA. Each assistance program is different. Just answer a few simple questions and in moments you'll learn about all the programs and discounts for which you may qualify.

How is this program different from others?

RxHelp for WA is updated daily, providing current information about hundreds of different assistance programs. On the web or with just one call you can learn if you may be eligible for free or discounted prices on more than 1,200 brand name medicines.

How does RxHelp for WA work?
